Dear Students,

It is with great pleasure that I can now extend another opportunity for you to attend Motlow College in yet another location. In addition to our main campus in Moore county and our three sites at Fayetteville, McMinnville, and Smyrna, we are now offering classes at the Shelbyville Middle Tennessee Education Center (MTEC). In partnership with Middle Tennessee State University, we began offering classes in Spring 2010. Our enrollment is growing, and we look forward to expanding our offerings and growing to serve students at this location.

We are working on a variety of partnership opportunities with MTEC that will include 2+2 programs whereby students can actually obtain a baccalaureate degree without leaving to attend a university. We invite you to check out our local course offerings, give us a call, and come by for advisement.

Even though Motlow has grown tremendously since 1969, we are still dedicated to teaching and learning, educating our students—one at a time.

Come see what we can do for you.

Sincerely,

A handwritten signature in cursive script that reads "MaryLou Apple".
